2024 New Catalog *Voltage Protector*

Wenzhou Yixing Electronic Technology Co., Ltd.

Add.: No. 3671 Yongqiang Avenue, Yongxing Subdistrict,
Longwan District, Wenzhou, Zhejiang Province, China

Complete AVR protection against voltage irregularities

Essential in areas where voltage fluctuations occur frequently, providing clean and stable power to loads

HOME

THE POWER OF LIVING LIFE UNINTERRUPTED

Optimized for residential and home office applications

Automatic voltage regulation (AVR)

Provides clean and stable AC power by automatically increasing low voltages during brownouts and decreasing overvoltages when irregularities are present on the main utility line.
